## Exchange Program

### Important Notice for Exchange Students-- fall 2021

Dear exchange students,

As you all know, nations across the world have imposed travel restrictions to curb the spread of to COVID-19 epidemic. Until now (June 18<sup>th</sup>, 2021), Taiwan has NOT lifted its travel banned for foreign nationals so that you will NOT be able to apply for a visa to Taiwan until further notice. We are hoping to provide you more information by early August at latest.

At the moment, we can only outline several options how to deal with the current situation. Please read the following information thoroughly.

### Your choices for fall semester 2021:

What you want to do...	What you can do...
<b>Option 1:</b>  I want to join Taiwan Tech in fall semester 2021	1) Once the travel ban is lifted, Exchange students from selected countries may enter Taiwan after undergoing quarantine. Those students have to submit arrival plans which has to be approved by the Taiwan Ministry of Education. <u>We will keep you updated about travel restrictions, visa application, quarantine regulations etc if the travel ban is lifted and you could enter Taiwan. PLEASE WAIT!!!</u>  2) Important: All information is subject to change following updates of pandemic prevention measures by the Taiwan Government.
<b>Option 2</b>  I want to cancel my application for fall semester 2021.	Please inform your coordinator at home university and coordinator at Taiwan Tech.
<b>Option 3</b>  I want to join the exchange program in spring 2022.	Please inform your coordinator at home university and ask him/her to nominate you again in October.
